

# Project Report

 1 Year

September 2021 - September 2022

# What is Launchpad Platform?

## A SIMPLE START IN CRYPTOVERSE

Infinity Rocket Launchpad Platform is the multi-purpose platform that allows users to simplify the launch and promotion of any projects on the Blockchain.

Once connected to Infinity Rocket Platform, users will get a unique data asset, which enables a real value creation through user generated events, lead captures, marketing promotions and much more.

The platform will be providing promotional services for token launch. All of the assistance will be billed based on the commission from the generated net profit, and all Infinity Rocket Launchpads that will be listed on DEX Exchanges will be promoted by the platform.

# Infinity Rocket Launchpad Platform

The most important advantages of the Product

## Launchpad Area

User interface for participating in the launchpad in order to get new verified tokens.

## Market Maker Tools

Special Market Maker software package required to work on DEX. Token price and trading volume management.

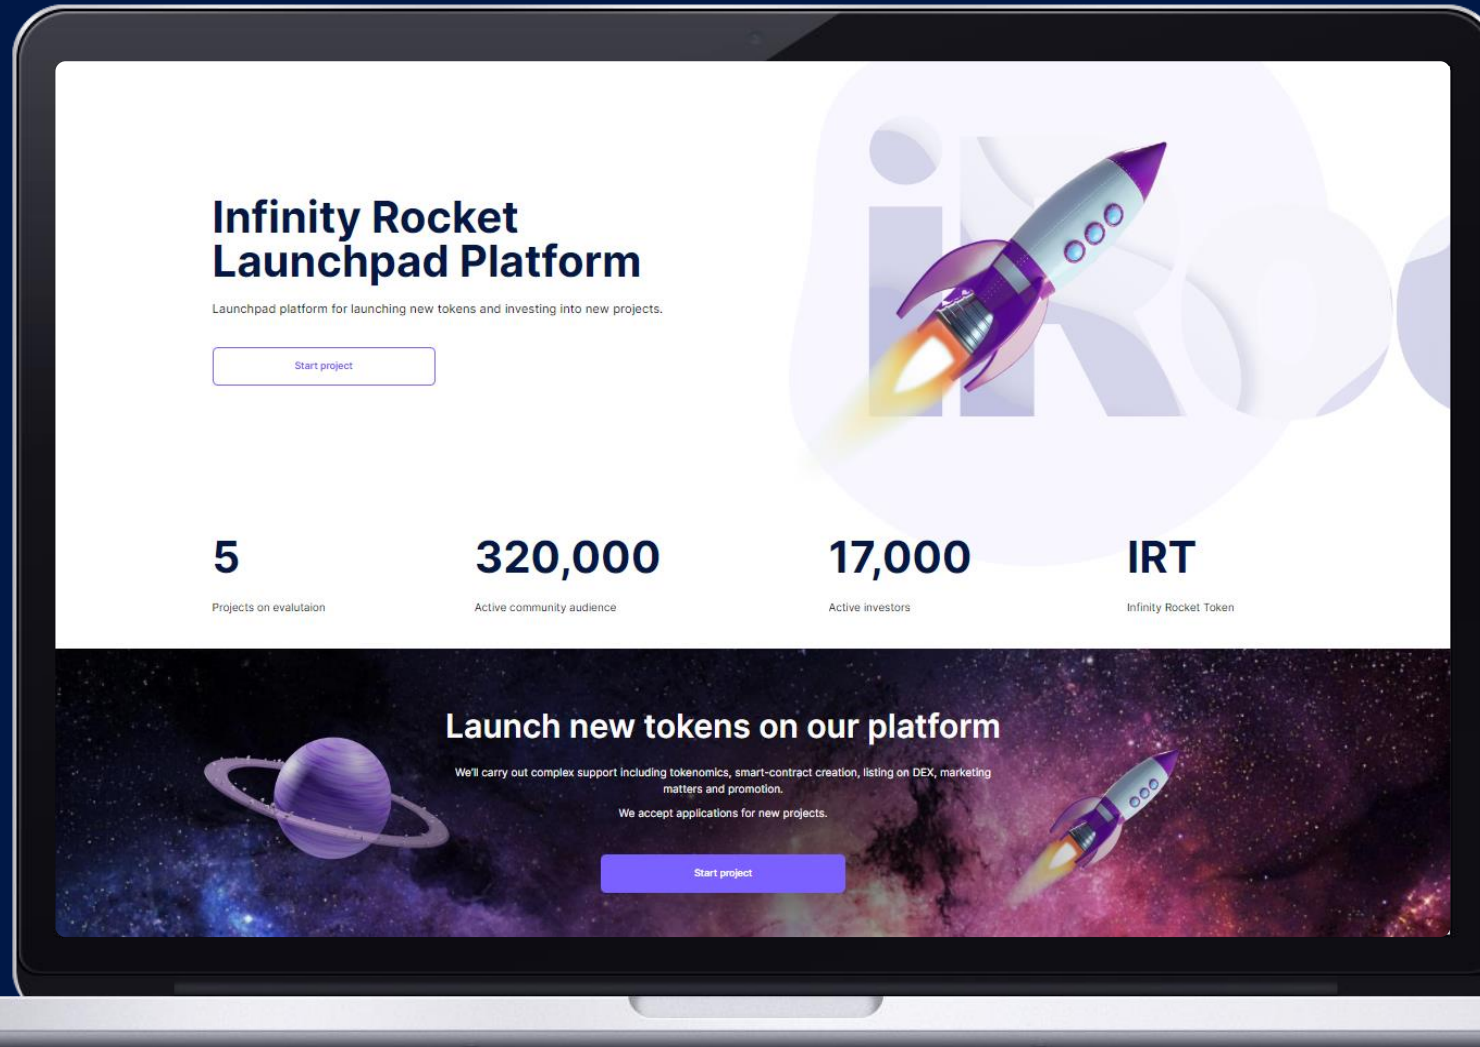

## Marketing & IT Services

A unique data asset, which enables a real value creation through user generated events, lead captures, marketing promotions and much more.

# Launchpad Platform **Infinity Rocket**

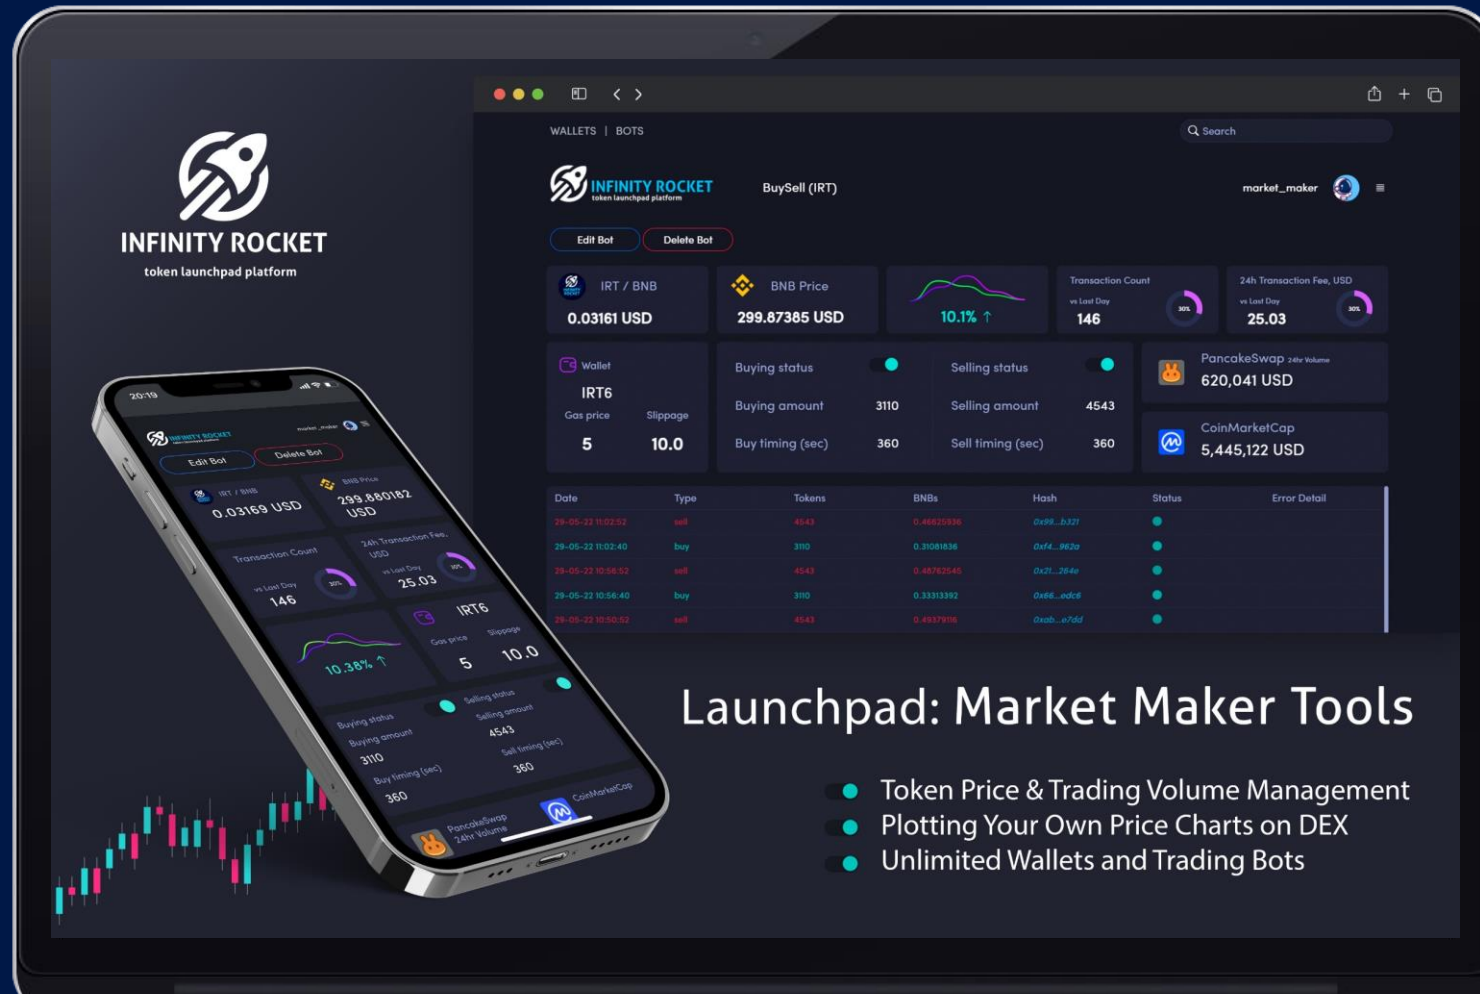

Product ready to use. Grand Opening on September 9, 2022

# Market Maker Tools

Product ready to use. The product was presented on June 20, 2022

## Launchpad: Market Maker Tools

- Token Price & Trading Volume Management
- Plotting Your Own Price Charts on DEX
- Unlimited Wallets and Trading Bots

# Infinity Rocket Project IRT Token

## Status after 1 Year

The IRT token Smart Contract was released on September 17th, 2021. Today it is traded on PancakeSwap, Coinsbit, Bitrue and LBank. All Road Map's goals have been fulfilled.

\$10,664,000

## Infinity Rocket Launchpad Platform Beta-Test

13 сентября 2022 г., 11:00 GMT+3

Share this article

Internet City, Dubai--(Newsfile Corp. - September 13, 2022) - Infinity Rocket Company has been developing a new launchpad platform that allows start-ups to successfully promote their projects on blockchain since 2021.

Infinity Rocket Platform is multifunctional, it provides all the necessary services: IT and marketing, token creation and listing on DEX exchanges, token promotion and investor attraction. Moreover, it is even possible to control token dynamics on the exchange via the platform using Market Maker Tools software package.

Infinity Rocket is pleased to announce the Infinity Rocket Launchpad Platform open Beta-testings that have started on September 12th, 2022. After this stage, the Platform will receive applications from start-ups and launch first projects.

Now everybody observing the IRT token entry threshold can participate in testing. Infinity Rocket Token (IRT) is the company's own token which is traded on diverse exchanges, such as LBank Exchange. The total trading volume of IRT reaches 2.0 million USDT per day.
